FEDERAL MINISTER VISIT

FEDERAL MINISTER FOR OVERSEAS PAKISTANIS & HRD CHAUDHRY SALIK HUSSAIN EXPLORES COLLABORATION OPPORTUNITIES DURING VISIT TO NUTECH

NUTECH SHOWCASE INNOVATIVE PROJECTS AT 20TH MY KARACHI EXPO 2025 "OASIS OF HARMONY" AT EXPO CENTRE KARACHI

NUTECH, Pakistan's pioneering "University for Industry," made a distinguished presence at the 20th My Karachi Expo 2025 – Oasis of Harmony, held under the auspices of the Karachi Chamber of Commerce and Industry (KCCI).

The University's participation was led by Pro-Rector NORIC, AVM Asif Aslam, Registrar NUTECH & Director Industrial Collaboration, Mr. Salman Zafar, and Director Research, Dr. Atif Ali. Together, they highlighted NUTECH's vision of bridging academia with industry and strengthening national capacity through innovation-driven education and applied research.

The Chief Minister of Sindh, Mr. Murad Ali Shah, visited NUTECH's stall accompanied by KCCI President Mr. Javed Balwani and Chairman of BMG, Mr. Zubair Motiwala. The honorable dignitaries were warmly received, and the Chief Minister was briefed on NUTECH's flagship projects and research initiatives. On this occasion, the Pro-Rector presented a commemorative souvenir to the Chief Minister as a gesture of respect. Mr. Zubair Motiwala lauded NUTECH's contributions in inauguration ceremony, with special acknowledgment of the NUTECH Research Centre's work to enhance exports and reduce imports—remarks that brought pride to the institution and encouragement to its faculty and students.

International collaboration prospects emerged as representatives from Uzbekistan expressed interest in manpower export opportunities and student exchange programs. On the closing day, the Governor of Sindh visited NUTECH's stall, where he appreciated the student-led projects and commended the University's role in nurturing talent and promoting applied research. His remarks highlighted NUTECH's vital contribution to Pakistan's socio-economic and technological progress. The University's participation at My Karachi Expo 2025 underscored its stature as a hub of industry-academia collaboration and innovation. NUTECH remains committed to empowering youth and driving sustainable national development.

NUTECH CELEBRATES INDEPENDENCE DAY WHILE EXHIBITING ITS COLLABORATION WITH DEFENCE FORCES AT PARADE GROUND, ISLAMABAD

NUTECH marked Pakistan's 78th Independence Day with great respect and joy. A special ceremony was held on the campus where students and faculty & high officials took part. The celebrations at NUTECH featured a flag-hoisting ceremony, patriotic songs, and speeches by students, emphasizing the nation's founding values of unity, faith, and discipline. Faculty and students celebrated with patriotic zeal in the event.

PUBLIC INTERACTION AT NUTECH'S STALL

Later, NUTECH also joined the national "Marka-e-Haq Day" program at Parade Ground, Shakarparian, Islamabad. The activities showed their love for the country and their respect for the nation's freedom. It was a proud occasion for everyone to remember the sacrifices made for independence.

At the national event, NUTECH proudly showcased a range of innovative, student-led projects highlighting the University's emphasis on applied research, indigenous development, and industry-aligned solutions. The University's stall attracted widespread appreciation from government officials, dignitaries, and visitors for its contributions to advancing skilled education and technological progress in Pakistan.

CHINA INTERNATIONAL INTELLECTECH COOPERATION (CIIC) DELEGATION VISITS NUTECH TO EXPLORE COLLABORATION OPPORTUNITIES IN SKILLS DEVELOPMENT SECTOR

A three-member delegation of CIIC visited NUTECH to explore collaboration opportunities in the Skills Development Sector. The delegation was briefed on NUTECH's Industrial Projects and Skills Programs. Discussions also focused on future partnership prospects to advance Skills Development. Later, the delegation visited NUTECH state-of-the-art facilities, including the Skills Development Department Labs, E-commerce Lab and NUTECH Entrepreneur and Incubation Centre (NEIC).

ONE-DAY WORKSHOP HELD AT NUTECH ON PROGRAM EVALUATOR (PEV)

NUTECH has successfully conducted a one-day workshop on "Program Evaluator (PEV)" aimed at enhancing professional competencies in program evaluation, strengthening the understanding of Outcome-Based Education (OBE) and accreditation practices among faculty members.

The workshop commenced with a session by Dr. Abu Bakr, who provided an overview of the OBE system and accreditation preparation in line with the Pakistan Engineering Council (PEC) Accreditation Manual 2019. Principle NUSAT Prof. Dr. Waseem Khaliq led the next two sessions, covering the preparation of Self-Assessment Reports (SAR) based on nine key accreditation criteria, and exploring Curriculum Evaluation Processes (CEP), Problem-Based Learning (PBL), Outcome-Based Learning (OEL), and Final Year Design Projects (FYDP) in relation to graduate attributes and knowledge profiles.

Director NUQAD concluded the workshop with an insightful session on mapping Sustainable Development Goals and graduate attributes as per the Washington Accord. The event concluded with an interactive Question & Answer session, promoting interactive learning and knowledge sharing.

ISLAMABAD WILDLIFE (IWMB) SIGNED LETTER OF UNDERSTANDING (LOU) WITH NUTECH

A delegation from IWMB, led by their Director Mr. Sakhawat Ali, visited NUTECH to discuss potential collaboration on technology-driven solutions for wildlife safety and administrative efficiency. The delegation was also briefed on NUTECH's vision, academic model, and the EURAMUS ACTIVE project.

After the briefing, NUTECH and IWMB have signed a LOU to promote environmental sustainability, biodiversity protection, and joint capacity-building initiatives. Later, the IWMB team visited NUTECH's Technology Labs, European Union (EU) Centre of Excellence, and NUTECH Entrepreneurship and Innovation Centre (NEIC).

This partnership between IWMB and NUTECH underscores both institutions' commitment to leveraging innovation for wildlife conservation and environmental stewardship.

VISIT OF NATIONAL COMPLIANCE CENTRE (NCC) DELEGATION

A delegation from NCC led by Thematic Expert Mr. Asmat, visited NUTECH to operationalize the objectives of a previously signed Intent of Cooperation (IoC). The visit aimed to formulate an actionable roadmap for joint training programs, curriculum development, and applied research. During the meeting NUTECH team lead by Registrar NUTECH Mr. Salman Zafar gave detailed briefing on NUTECH's research facilities and innovation capabilities.

Discussions focused on collaborative initiatives including industry-driven curriculum design, capacity-building trainings, seminars, and knowledge-sharing programs. The visit reaffirmed NCC's commitment to engaging NUTECH in strengthening compliance and certification frameworks for professionals and institutions across Pakistan.
