

RECTOR'S ADDRESS TO STUDENTS

Rector NUTECH Engineer Khalid Asghar addressed students on 21 March, 2019. The Rector stressed upon university rules and regulations including attendance policy, moral values, ethics, dressing code and class punctuality. He apprised the students about the facilities which will be provided in near future i.e. merit and need-based scholarships, students exchange programs with international universities, labs and library facilities. At the end, the Rector advised students to work hard to achieve their goals and accomplish their mission in line with the NUTECH vision.

VISIT-MINISTER OF FEDERAL EDUCATION & PROFESSIONAL TRAINING

Mr. Shafaqat Mahmood, Federal Minister of Education & Professional Training visited National University of Technology (NUTECH) on 28 March 2019. Lieutenant General Khalid Asghar (Retd), Rector NUTECH welcomed the honorable guest. Briefing about NUTECH vision, mission, objectives, curriculum and education methodology was given to the honorable minister. The Rector highlighted the needs of our industry and roadmap how NUTECH aims to fulfill these needs. The Education Minister, after briefing, visited the NUTECH campus and inaugurated NUTECH Skills Testing Center. Later, he addressed the faculty, support staff and students of NUTECH and CTI. He appreciated efforts of the Rector to attain such high standards in a short span and emphasized the need of such universities for Pakistan. In the end, The Rector presented NUTECH shield to the honorable Federal Minister.

EDUCATIONAL COOPERATION WITH FINLAND

Mr. Wille Eerola, Honorable Consulate General of Pakistan in Finland, shared a translated story about Pakistan, its people and opportunities with the Rector NUTECH. Finland is still an undiscovered land in Pakistan where enormous opportunities in the field of education and skill development are available. Due to huge youth potential, Pakistan can offer unlimited opportunities for the world to invest in various fields particularly in the education sector. Mr. Wille Eerola has been very active in promoting cooperation in the education sector between Pakistan and Finland. NUTECH is the first ever university from Pakistan that has taken a prompt initiative to get benefit from the versatile experiences of Finland education system and skill development mechanism. The Rector NUTECH Engineer Khalid Asghar visited Turku Vocational Institute and Turku University of Applied Sciences in Finland along with a delegation in January 2019 to analyze the Finish education system. It is hoped that this small step will prove to be a giant leap in bilateral cooperation in the field of education between the two friendly countries in the years to come.
