All, the deadline for your submissions is fast approaching. We set Tuesday, March 21 as the deadline so efforts wouldn't be impacted by Ramadan. Thanks to all that have started submitting your materials. We will do our best to provide input in the near future. There are still 18 Chairs that have not even logged into the Canvas system. I will be sharing this with the VCs next week in Korea where they are hearing about Strategic Budget/Planning from scup.org

A reminder, if you are having trouble accessing the site, please reach out to Kyle Carsey (email above) for assistance.

Also, for those who are making good faith efforts to get their assignments done, we have tentatively begun planning a Utah Study tour for either the week of July 16-22 or July 23-29.

So there is no misunderstanding, all that submit reasonable materials will be invited during one of those two weeks. Conversely, those who fail to provide adequate (or any) materials will be excluded from the tour.

Thanks,

Mike

<mercedes.ward@utah.edu>

Dear Vice Chancellors

I am pleased to inform you that we have successfully completed the training workshop to support your planning teams in preparing the university-specific strategic plans. Based on the feedback received from your teams, they seemed to have thoroughly enjoyed the training sessions and found value in interacting with our instructors. I'm sure the teams must have briefed you about the value of this workshop. We have already provided the teams with the training materials, which will serve as a guide to coordinate their efforts moving forward. All this work was part of the preparatory phase.

Now we are set to commence the work on plan development phase. Under this phase, we will be offering virtual support to your planning teams as they progress. We plan to organize the first virtual meeting with your planning team during the first week of January 2024. During this meeting, we will (1) announce the names of mentors/coaches assigned to each university, (2) outline the framework for providing technical assistance, and (3) identify short-term deliverables while agreeing on expectations, among other things.

It would be highly beneficial if you could find the time to attend this inaugural virtual meeting together with your team. Your presence would contribute significantly to the success of this initiative. I will revert with detailed schedule and timing of the meetings in coming weeks.

Best regards, Aslam

M. Aslam Chaudhry, Ph.D.

Associate Project Director, USAID/Pakistan HESSA Project

Research Professor, Department of Economics

University of Utah, Salt Lake City, UT 84112
